*Not available with Taupe Cabinets.

South Seas Spas

FEATURES AND UPGRADES

Water Features

- **Pillowfall** - Let the warm water flow over your neck and shoulders for the ultimate in relaxation. *Included on Deluxe Class, optional on Standard Class.
- **Neck Jets** - Treat yourself to the ultimate neck massage with these revolutionary jets. This innovative design features two powerful jets that relieve tightness and relax muscles, melting away tension and pain in a matter of minutes. *Included on Deluxe Class.

Aesthetics

- **LED Lighting** - Saturate your spa with your favorite color or slowly fade from color to color for a spectacular light show. *Included on Deluxe Class, optional on Standard Class.
- **Stainless Steel Escutcheons** - Corrosion-resistant fixture covers add an elegant, glimmering accent. *Included on Deluxe Class and Standard Class.

Green Technology

- **Ozone** - The ozone water treatment provides crystal clear spa water by killing bacteria with fewer harsh chemicals. *Optional on Deluxe Class and Standard Class.
- **ArcticPac Insulation** - This double-layered insulation system features a reflective sheet of bubble-foil lining the inside of the cabinet, combined with a coat of Icynene™ foam that adheres to the spa's shell and hose connectors. The ArcticPac Insulation retains heat, keeping the spa energy efficient and the water at a tropical temperature. *Included on Deluxe Class and Standard Class.
- **Full Foam** - Provides the most efficient heat retention rating available in any spa, and dramatically increases the spa's lifespan. *Optional on Deluxe and Standard Class.
- **Maintenance-Free Cabinet** - Synthetic cabinets weigh less than wood, yet are more resilient and durable. Unlike wood, these cabinets will not crack, chip, warp or rot. They last longer than wood cabinets and, best of all, don't use trees. *Included on Deluxe Class and Standard Class.
- **Lucite acrylic with Microban** - Microban antimicrobial protection inhibits growth of bacteria on the spa's shell that cause odor and stains between cleanings.  Available on select shell colors.

Stereo System

- **Marine-Grade Stereo** - Set the proper mood with a state-of-the-art, marine-grade, weather-tight sound system with CD player and four speakers. Cabinet-mounted patio speakers are optional. *Optional on most Deluxe Class and Standard Class models.

Protecting your Spa

- **ABS Base** - ABS base is a sealing for the bottom of your spa. Unlike traditional spas that only use plywood, an ABS bottom will not rot and protects your spa from the elements and rodents. *Included on Deluxe and Standard Class.
- **Spa Cover** - The ASTM Deluxe safety cover helps insulate and protect your spa. *Included on Deluxe Class and Standard Class.
- **3 Year Warranty** - A three-year warranty comes standard on parts, labor and plumbing. See manual for more information. *Included on Deluxe Class and Standard Class.
